art and knowledge argues that the experience of art is so rewarding because it can be an important source of knowledge about ourselves and our relation to each other and to the world

in a systematic overview of classical and modern contributions to aesthetics professor sparshott argues that all four lines of theory and no others are necessary to coherent thinking about art originally published in 1982 the princeton legacy library uses the latest print on demand technology to again make available

previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

this book fulfills the need for a pragmatic text that is grounded in art therapy research literature and surrounding contexts providing guidance to students and practitioners in research design via a broad survey of appropriate questions methods and ethical values

from the first steps of starting out up through succeeding as a professional fleishman s newest guide navigates how illustration ties concept and technique from advice on education and finding the right state of mind through opening shop and finding the right venue starting your career as an illustrator is a bit of a technical how to something of a business book certainly an inspirational work definitely a professional overview even a personal lifestyle guide it accurately documents the eclectic adventures of illustrators now as well as relating historical perspectives motivations and inspirations to balance that picture and present readers with a true global field experience all in an accessible reader friendly style topics include how to create a portfolio make initial contacts develop a financial plan set up an office acquire supplies and equipment price your own work market on the nurture a growing freelance business and much more through direct and candid conversations with scores of professionals up and down the career ladder this book offers rich perspectives of illustrators and their cohorts at and away from the drawing board it looks at the strong threads tying professional and academic process practice and product and offers extensive research a global pool of resources and a wide panorama of info that promotes problem solving by way of a spectrum of ideas over fifty illustrations are included throughout allworth press an imprint of skyhorse publishing publishes a broad range of books on the visual and performing arts with emphasis on the business of art our titles cover subjects such as graphic design theater branding fine art photography interior design writing acting film how to start careers business and legal forms business practices and more while we don t aspire to publish a new york times bestseller or a national bestseller we are deeply committed to quality books that help creative professionals succeed and thrive we often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers

in this book the author explores the shifting philosophical boundaries of modern medical knowledge and practice occasioned by the crisis of quality of care especially in terms of the various humanistic adjustments to the biomedical model to that end he examines the metaphysical epistemological and ethical boundaries of these medical models he begins with their metaphysics analyzing the metaphysical positions and presuppositions and ontological commitments upon which medical knowledge and practice is founded next he considers the epistemological issues that face these medical models particularly those driven by methodological procedures undertaken by epistemic agents to constitute medical knowledge and practice finally he examines the axiological boundaries and the ethical implications of each model especially in terms of the physician patient relationship in a concluding epilogue he discusses how the philosophical analysis of the humanization of modern medicine helps to address the crisis of care as well as the question of what is medicine the book s unique features include a comprehensive coverage of the various topics in the philosophy of medicine that have emerged over the past several decades and a philosophical context for embedding bioethical discussions the book s target audiences include both undergraduate and graduate students as well as healthcare professionals and professional philosophers this book is the 99th issue of the series philosophy and medicine and it can be considered a crown of thirty years of intensive and dynamic discussion in the field we are completely convinced that after its publication it can be finally said that undoubtedly the philosophy of medicine exists as a special field of inquiry
